## Clinical Lunch-N-Learn

# Restoring Endodontically Treated Teeth

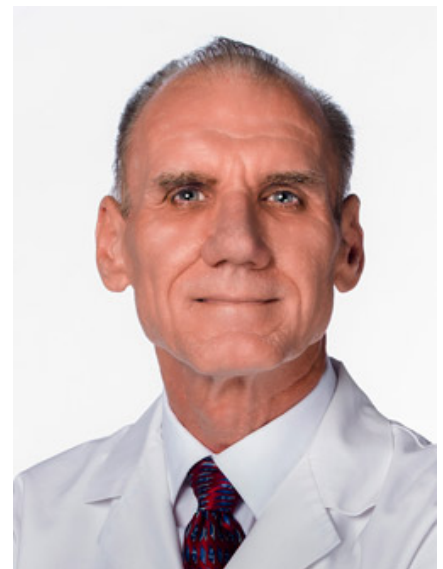

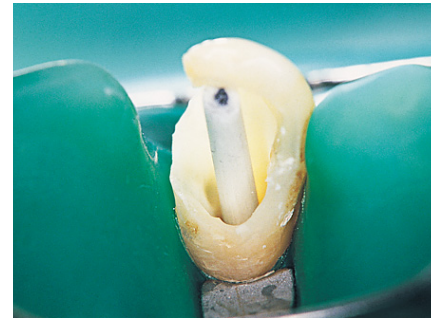

Friday, April 10, 2015 | 12:30 PM -1:30 PM

Santa Clara County Dental Society - Member Lounge

1485 Park Avenue, San Jose, CA 95126

**Course Description:** We will discuss how to select post and core materials, outline the different bonding and placement techniques, and detail how to maintain esthetics when restoring endodontically treated teeth.

**Speaker:** Dr. Harry Albers, has received over a dozen awards for excellence in teaching, exceptional professional service, academic accomplishments, and significant professional contributions to the art and science of dentistry. Among those, he was named a “We clew Honorary Fellow” by the Academy of General Dentistry, awarded the “Masters of Esthetic Dentistry” from the Journal of Esthetic and Restorative Dentistry, and was given the “Lifetime Service Award” by the Academy of Cosmetic and Adhesive Dentistry; all titles are of the highest level of recognition from each organization. Dr. Albers has quite an academic background as well, having taught at both UCSF and UOP School of Dentistry, authored the popular "Tooth Colored Restoratives" textbook, organized the Academy of Cosmetic and Adhesive Dentistry study groups, and currently serving as editor of the ADEPT Report.

Harry Albers DDS, FAGD
